Brian Nunning, Spokesperson
IS USBC BA Transition Committee
7828 Mollbrooke Ct.
Evansville, IN 47715

Dear Brian,

Thank you for the update on the progress the IS USBC BA Transition Committee has made in assessing the pros and cons of our potential State merger.

We understand there will need to be an agreed upon Governance for the new organization in order to ensure our success in servicing the bowlers at the highest service level possible. Our transition committee will seek education on the Carver Method of Governance.

We hope your team does not have the mindset of answering all the concerns you may have without working with our team in order to come to a manageable solution.

We need to remember it will take compromises on both sides in order to create the strongest organization possible. ONLY then can we offer our bowlers the service and support they deserve.

We hope to move forward with creating a strong bowling family.

Respectfully,

Judy Smith, President
Indiana State USBC WBA
